Frosty February Night

Dr. Shalini Yadav
Assistant Professor
Aljouf University
Kingdom of Saudi Arabia.

The thickets of silence
created a fence
splitting us
after you stayed mum..

The aromatic red roses
once bloomed with rich doses
turned into thorny cactus
since love's water dried..

The star-studded glitzy sky
or unfamiliar migrating birds' fly,
nothing could fill with joy
when you travelled away..

The clandestine memories
blinded the eyes
of your forlorn lass
with aching Soul's tears..

The desert' snowy winter
with drizzly pitter-patter
stirred the within rhymester

to create a hazy verse..

The long frosty February' night

froze my veins to fright

I waited for you in moonlight

to keep me warm and alive, my Valentine...
