A Walk In The Winter Season

When serenity dwells all around, all paths look deserted
When all prefer to stay back, I embark on a small journey
Amidst stillness, the only gushing sound of riverside strikes
Inspires to take firm moves in this freezing chill with all will
Ascending dense fog in the closure to mystify the whole vale
It's a morning with no usual ones, for its winter marrow

Walking in the wood, a swift layer of sensation surges in the body
Is it nature's turn or my inner reflection diffused outward?
Is it 'spring' only? Invokes, stimulate hearts with all panorama
Relates all the jubilant souls giving a shudder of mounting delight
Why beauty lies in lavish season only? While alienation, melancholy,
Misery associate the winter 'fall', Is it so! Is it really so?

Walking long way, only prevailed quietude as life stand still
Withered trees, appeared as if yawning in the morning chill,
Not willing to raise their head, shrinking deep in the embrace
I slipped quietly without disturbing serenity, a thought dawn at me
Nature goes through stages; all phases lie in its heart to bestow
Though, only heart with feel can feel hidden treasure in desolation
